

Conservation Committee Meeting

March 12th 2026

Meeting called to order at 530 pm

Three people in attendance

Tobias Fronmuller

Rob Gilbert

Angie Gilbert

Reviewed minutes from the last meeting in December.

Community Center scheduled to be completed in May, talked about

Scheduling a time to plan what we want to do with planting around

The building as well as the splash pad, still have the plants that were

Purchased for the conservation committee to plant.

Discussed what was in the newsletter and hoping to getty interest in

What the committee is trying to do as well as new volunteers.

Looking into who we need to contact about possible use of part of 9

Island for a community Garden as well as a butterfly garden. Tobias

Was going to call his contact with the garden club to see if they

Would still be interested in helping.

Meeting adjourned at 645pm

Respectfully Submitted;

Angie Gilbert

Secretary
